EDUCATION COURSES

2017

URODYNAMICS

A practical training course on Urodynamics and the use of Laborie / MMS systems, including one day of lectures and case interpretation and one day observation of patient examinations in the Radboud University Medical Center.

Locations: Laborie Training Center, Enschede, The Netherlands and Radboud University Medical Center, Nijmegen, The Netherlands

Course director: MD PhD D.A.W. Janssen (Radboud UMC)

Dates: September 20-22

GOOD URODYNAMIC PRACTICE

A course in Urodynamics evaluation of female and male patients, including lectures on Good Urodynamics Practice, live patient examinations (MMS System) and hands-on diagnosing patient cases.

Location: Neurological Rehabilitation Centre Godeshöhe, Bonn, Germany

Course director: Univ.- Prof. Dr. med. Ruth Kirschner-Hermanns

Dates: 2 or 3 day customised course

HIGH RESOLUTION ANORECTAL MANOMETRY (HRAM)

A practice based course on lower GI Function testing with the emphasis on High Resolution Anorectal Manometry (HRAM) in order to improve test performance in daily clinical practice.

Location: Laborie Training Center, Enschede, The Netherlands

Course directors: Dr. Mark Scott and Dr. Emma Carrington

Dates: November 15-17

COMPREHENSIVE & ADVANCED URODYNAMICS

A customised urodynamics course designed to further experience physicians' skill sets by demonstrating new and innovative urodynamics techniques, performing live urodynamic patient studies (Aquarius system), study interpretation and pre and post study patient consultation.

Location: University Hospitals Leuven, Belgium

Course director: Professor Dr. Dirk De Ridder

Dates: Customised course of one day. Special requests may be considered
